Replacement axles offer a fast, cost-effective and eco-friendly alternative to conventional repairs. ZF reconditions axle systems for construction and agricultural machinery at central remanufacturing locations. ZF offers replacement axles at the same high quality standards you expect from series production. Customers also benefit from the ...

Axles - ZF Aftermarket

The most significant advantages of the A 132 rear axle system are weight reduction, low noise emissions, and high efficiency. Without compromising stability at all, the axle system's weight - including all damping and suspension elements - has been reduced to less than 1 000 kilograms. The reduction of unsprung masses results in improved ride comfort. The smooth running of the ground bevel ...
