Not an easy feat to make 365 nights of sex boring, but this book nailed it. After the first chapter, I started skimming, and eventually flipped to the back of the book and began reading it backwards. A vein of saccharin passive-aggression permeated the book, especially in passages about her husband's family.

365 Nights: A Memoir of Intimacy by Charla Muller

When Charla Muller's husband turned 40, she gave him something memorable. Sex. Every day. For an entire year. The Mullers had a solid marriage and two wonderful children, but over the years sex had fallen low on their to-do list. The lack of intimacy wasn't causing them to drift...

365 Nights is one woman's memoir of her year fulfilling her husband's 40th birthday gift: sex every day for one full year. While not the most well-written (she seemed to jump from topic to topic a lot), it was easy to follow and very personal.

Quotes by Charla Muller “ you cannot spontaneously burst into passionate and smoldering lovemaking in the “ married with kids ” model. And anyone who is married with kids and says they can and they do... well, they are lying. ” Charla Muller, 365 Nights: A Memoir of Intimacy

In a candid and gently humorous memoir, the author describes how, after years of a solid marriage and two children, she embarked on a plan to reconnect with her husband and to restore intimacy to their relationship by embarking on a plan of scheduled sex everyday for an entire year. Original.

Charla Muller's first book, 365 Nights, was called “entertaining” (Albuquerque Journal), “surprising [and] remarkable” (The Independent [London]). It also launched her into the public eye and brought her to a moment of painful realization . . . For an average working mom like Charla, going on a book tour was both intimidating and exciting. It also turned out to be horrifying: When she saw herself on a screen in glorious, unforgiving HD, it magnified all her flaws, prompted comments from unadoring fans, and forced her to reevaluate her (lack of) exercise regimen. But Charla was jolted into action and used that cringe-inducing close-up as a wakeup call. After shedding a few tears over how she'd let herself go (and over the five-year-old discount sweater she wore on Oprah), she set out on a strange, hilarious, and poignant journey that tapped into and tested her values, her beliefs about beauty, her self-image, and, of course, her relationship with her mother. In this lively, funny, moving account, a Southern woman shares stories she swore she'd never tell and ultimately offers some unexpected and universal insight about how pretty takes practice.

One recent December, at age 53, John Kralik found his life at a terrible, frightening low: his small law firm was failing; he was struggling through a painful second divorce; he had grown distant from his two older children and was afraid he might lose contact with his young daughter; he was living in a tiny apartment where he froze in the winter and baked in the summer; he was 40 pounds overweight; his girlfriend had just broken up with him; and overall, his dearest life dreams--including hopes of upholding idealistic legal principles and of becoming a judge--seemed to

have slipped beyond his reach. Then, during a desperate walk in the hills on New Year's Day, John was struck by the belief that his life might become at least tolerable if, instead of focusing on what he didn't have, he could find some way to be grateful for what he had. Inspired by a beautiful, simple note his ex-girlfriend had sent to thank him for his Christmas gift, John imagined that he might find a way to feel grateful by writing thank-you notes. To keep himself going, he set himself a goal--come what may--of writing 365 thank-you notes in the coming year. One by one, day after day, he began to handwrite thank yous--for gifts or kindnesses he'd received from loved ones and coworkers, from past business associates and current foes, from college friends and doctors and store clerks and handymen and neighbors, and anyone, really, absolutely anyone, who'd done him a good turn, however large or small. Immediately after he'd sent his very first notes, significant and surprising benefits began to come John's way--from financial gain to true friendship, from weight loss to inner peace. While John wrote his notes, the economy collapsed, the bank across the street from his office failed, but thank-you note by thank-you note, John's whole life turned around. 365 Thank Yous is a rare memoir: its touching, immediately accessible message--and benefits--come to readers from the plainspoken storytelling of an ordinary man. Kralik sets a believable, doable example of how to live a miraculously good life. To read 365 Thank Yous is to be changed.

Walt Johnson has been a rolling stone most of his life, moving from town to town and living on the edges of homelessness. Now he has run out of time as lung cancer has left him only months to live. Walt then begins a quest to find the son with whom he lost contact decades earlier. Out of money, he lands a job at a small-town restaurant in an attempt to save enough to buy a bus ticket to the last known whereabouts of his son. The friends Walt makes at his new job soon become family for him, especially 14-year-old Danny who is emotionally paralyzed at the loss of his own father in Iraq. Faced with Danny's struggles to grow up and the struggles of his other new friends, Walt comes to realize he is not only on a journey to find his own son, but he is on a journey to find himself worthy of being a father.

He was famous for telling stories. He could always make the story interesting. He had a way of seeing the best or funniest of every situation. He wrote down over 180 of his best stories in his last few years for all his family and friends. You will laugh, and relate to the stories of childhood, school years, and growing up during the depression. From his northern New Jersey, small town home he shares what it was like growing up in the 20's and 30's. From logging to working with horses, the stories provide a great view of the life style from that time period.

"A farmer and entrepreneur, Chase is a man of many abilities. Now he is being asked to use those abilities, and his own particular skills with a sword and bow, to assist an alien planet. This means trading a valuable resource that the planet harbours to convince the Inter-galactic Federation to repair its failing sun" -- Back cover.

The texts which comprise this small book - forms of essay, talk, dialogue - at one time saw themselves as individualists who went somewhere (to small press

magazines) on their own. Now they are here, collected with the chance of going nowhere together. As it should be: since they represent the fate of language and translation in the memory of aliens living inside America - like a family going nowhere together, but at home. The philosopher Jacques Derrida and his family are part of this family in the dead letter office, and curiously they are named going nowhere together at home. Along the way, so are the poets Charles Reznikoff and William Carlos Williams and Emmanuel Hocquard and Juliette Valery and Charles Olson, as well as Horace's Odes in translation. You will find in this Memoir what it means for an alien to search for his family in a book outside the time of its writing. You will find him discovering that translation is a personal story and that poetry might not have a home without it. You will find him wondering: whose voices are these which we hear around us as we write, as Babel turns to rumor through the fact of translation, wherein a book is being made and remade from American to French and back again? You will find him through translation like a Being in the Poetry of the Extraterritorial, an un-owned territory which is neither French nor American but is negotiated by the rumor of a poetry which emerges from both, a future condition (État) which seeks the name it could be but is not. Follow this alien Being's trajectory: he is not of America but grows up in it. He publishes a book in French translation before it appears in the American English original. He becomes native to a writing whose eloquence is always in question, at times because it is passive, at other times because it is unpronounceable. Who, over time, finds his Memoir? In the dead letter office, we do. We find someone somewhat like ourselves, who uses language and translation as if these were a poet's gifts in the making of history, a history which is foreign yet integral to his homeland. We find someone who uses it to return to his own people and place, so that he can "only stand more/revealed." We find someone who will act the new basis for his identity - the consciousness whose coming into Being must be premised on his existence in another world.
