As children, they meet. Bray and Yarrow have little in common. She's all fire. He's all heart. But the same ancient symbol brands their skin, marking them as members of the Chisanta-a superhuman society of scholars and warriors. Together, they travel far to undergo a brutal initiation trial, and form a bond that neither can forget. As young adults, they clash. Years later these friends-turned-rivals reunite, and fond memories won't stop them from crossing swords. She doesn't trust him. He doesn't understand her. But if they don't learn to work together, a troubling string of deaths will remain unsolved. And the fate of their kind could hang in the balance. " McCarron manages to successfully bridge modern ideals and an ancient world in this coming-of-age tale." -Publishers Weekly

The famous 1962 Port Huron Statement by the Students for a Democratic Society (SDS) introduced the concept of participatory democracy to popular discourse and practice. In Inspiring Participatory Democracy Tom Hayden, one of the principal architects of the statement, analyses its historical impact and relevance to today's movements. Inspiring Participatory Democracy includes the full transcript of the Port Huron statment and shows how it played an important role in the movements for black civil rights, against the Vietnam war and for the Freedom of Information Act. Published during the year of Port Huron's 50th anniversary, Inspiring Participatory Democracy will be of great interest to readers interested in social history, politics and social activism.

Brianna can see her future, but it's the past that haunts her. Plans laid in place centuries ago are threatening not only her and her sister, but all of the Seven Lines. As the shadows plot their way to old rule, the visions shift again. Her power has led to some hard choices—and the occasional stab wound—but this set of futures holds nothing but darkness. Unable to bear the idea of losing the footing they've so recently gained, she turns the soldiers of the Seven. But with shadows hidden among the ranks, can she overcome the path they've set in place, or is she blindly following their lead?
