A shortened version of Kreeft's much larger Summa of the Summa, which in turn was a shortened version of the Summa Theologica. The reason for the double shortening is pretty obvious: the original runs some 4000 pages! (The Summa of the Summa was just over 500.) The Summa is certainly the greatest, most ambitious, most rational book of theology ever written. In it, there is also much philosophy, which is selected, excerpted, arranged, introduced, and explained in footnotes here by Kreeft, a popular Thomist teacher and writer. St. Thomas Aquinas is universally recognized as one of the greatest philosophers who ever lived. His writings combine the two fundamental ideals of philosophical writing: clarity and profundity. He is a master of metaphysics and technical terminology, yet so full of both theoretical and practical wisdom. He is the master of common sense. The Summa Theologica is timeless, but particularly important today because of his synthesis of faith and reason, revelation and philosophy, and the Biblical and the classical Greco-Roman heritages. This little book is designed for beginners, either for classroom use or individually. It contains the most famous and influential passages of St. Thomas' philosophy with copious aids to understanding them.

Combines selected philosophical passages from Thomas' "Summa Theologica" with detailed footnotes and explanations for modern readers.

Combines selected philosophical passages from Thomas' "Summa Theologica" with detailed footnotes and explanations for modern readers.

This volume contains new translations of the essential philosophical writings of Thomas Aquinas, from the Summa Theologiae and The Principles of Nature. The included texts represent the breadth of Aquinas's thought, addressing causality, the fundamental principles of nature, the existence of God, how God can be known, how language can be used to describe God, human nature (including the nature of the soul, free will, and epistemology), happiness, ethics, and natural law. The goal of these

Read Online A Shorter Summa The Essential Philosophical Pages Of St Thomas Aquinas Summa Theologica Edited And Explained

translations is twofold: to allow Aquinas to speak for himself, but also to make his thought accessible to the contemporary reader without the burden of unnecessary adherence to convention. A thorough introduction to Aquinas and his ideas is included, as is a series of useful appendices connecting Aquinas's arguments to those of Anselm, Scotus, Ockham, and others.

Adler instructs the world in the "uncommon common sense" of Aristotelian logic, presenting Aristotle's understandings in a current, delightfully lucid way. Aristotle (384 - 322 B.C.) taught logic to Alexander the Great and, by virtue of his philosophical works, to every philosopher since, from Marcus Aurelius, to Thomas Aquinas, to Mortimer J. Adler. Now Adler instructs the world in the "uncommon common sense" of Aristotelian logic, presenting Aristotle's understandings in a current, delightfully lucid way. He brings Aristotle's work to an everyday level. By encouraging readers to think philosophically, Adler offers us a unique path to personal insights and understanding of intangibles, such as the difference between wants and needs, the proper way to pursue happiness, and the right plan for a good life.

The essentials of Catholic doctrine — clearly and succinctly presented Two years before he died, St. Thomas Aquinas — probably the greatest teacher the Church has ever known — was asked by his assistant, Brother Reginald, to write a simple summary of the Faith of the Catholic Church for those who lacked the time or the stamina to tackle his massive Summa Theologica. In response, the great saint quickly set down — in language that non-scholars can understand — his peerless insights into the major topics of theology: the Trinity, Divine Providence, the Incarnation of Christ, the Last Judgment, and much more. Here, then, is not only St. Thomas's concise statement of the key elements of his thought, but a handy reference source for the essential truths of the Catholic Faith. "A gem, a precious pearl, a

masterpiece!” Peter Kreeft Fundamentals of the Faith “Thomas Aquinas at his clearest and best. A treasure.” Ralph McInerney First Glance at Thomas Aquinas “An invaluable introduction to St. Thomas’s wisdom and insight.” Edward Cardinal Egan Archbishop of New York St. Thomas will show you: Why faith is reasonable, not blind Why evil can never be as powerful as good Solid arguments for Christ’s Resurrection Powerful arguments for God’s existence Why angels are necessary in creation How Adam’s sin differed from Eve’s Why Jesus descended into Hell Why we must suffer for Adam’s sin Why the truths that you can know only through Revelation are nevertheless rational Startling details about God’s forgiveness Facts about the punishment of the damned: both spiritual and bodily How a soul’s damnation can be compatible with God’s goodness What Christians should think about “fate” and “chance” What life after resurrection will be like Three ways in which God is in all things Eternal life: what it is; how to understand it How you can know God through reason Hell-fire: whether it’s real or symbolic Why God became man Why God allows evil How Jesus “grew in wisdom” How Christ can have existed for all eternity and yet be God’s Son The Beatific Vision: what it really is Why God’s knowledge of the future doesn’t deny man’s free will How the Holy Trinity is three distinct Persons, yet one God Much more that will help you know and love God with greater understanding!

From the Church's greatest theologian: the essentials of Catholic doctrine. This book contains Aquinas's simple summary of the Faith. He covers the Trinity, Providence, the Incarnation, the Last Judgment, and much more. It's a concise statement of the key doctrines and elements of the Faith.
