CPM Raven's Coloured Progressive Matrices

Standard Progressive Matrices. Raven Matrices is the test of intelligence. It was designed to measure the level of both intellectual development and logical thinking. You can determine the adults' IQ, aged 14 to 65, regardless of nationality, religion and other differences with its help. This test appeared back in 1936 thanks to John Raven.

Raven's Progressive Matrices Online Free - Raven's IQ Test

Advanced Progressive Matrices: The advanced form of the matrices contains 60 items, presented as one set of 24 (set I), and another of 36 (set II). Items are again presented in black ink on a white background, and become increasingly complex as progress is made through each set. These items are appropriate for adults and adolescents of above-average intelligence. In addition, "parallel" forms of the standard and coloured progressive matrices were published in 1998.
