Your DSC Security System is made up of a DSC control panel, one or more keypads and various sensors and detectors. The control panel, which is a metal cabinet, will be mounted out of the way in a utility closet or in the basement. The metal cabinet contains the system electronics, fuses and back up battery.

DSC

Use the keypad to enter the code “ *72. ” This resets the smoke sensors, which will cause the alarm to stop if it is still ringing. If your keypad has an “ Enter ” button, press this once you have entered the code. If you accidentally press the wrong number on the keypad, simply press the exit button and then re-enter the code.
