Felix Holt, the Radical Summary - eNotes.com

Despite his education, Felix Holt has chosen to work as an artisan, hoping to inspire his fellow workers to take charge of their own destiny. His austerity and passionate idealism are contrasted with the political ambitions of Harold Transome, who arrives home in Loamshire to claim his family's estate and stand as a candidate for the Radicals (those who support parliamentary reform and universal suffrage).

INTRODUCTION. Five-and-thirty years ago the glory had not yet departed from the old coach roads: the great roadside inns were still brilliant with well-polished tankards, the smiling glances of pretty barmaids, and the repartees of jocose hostlers; the mail still announced itself by the merry notes of the horn; the hedge-cutter or the rick-thatcher might still know the exact hour by the unfailing yet otherwise meteoric apparition of the pea-green Tally-ho or the yellow Independent; and elderly gentlemen in pony-chaises, quartering nervously to make way for the rolling, swinging swiftness, had not ceased to remark that times were finely changed since they used to see the pack-horses and hear the tinkling of their bells on this very highway. In those days there were pocket boroughs, a Birmingham unrepresented in Parliament and compelled to make strong representations out of it, unrepealed corn-laws, three-and-sixpenny letters, a brawny and many-breeding pauperism, and other departed evils; but there were some pleasant things, too, which have also departed. Non omnia grandior ætas quæ fugiamus habet, says the wise goddess: you have not the best of it in all things, O youngsters! the elderly man has his enviable memories, and not the least of them is the memory of a long journey in mid-spring or autumn on the outside of a stage coach. Posterity may be shot, like a bullet through a tube, by atmospheric pressure, from Winchester to Newcastle: that is a fine result to have among our hopes; but the slow, old fashioned way of getting from one end of our country to the other is the better thing to have in the memory. The tube-journey can never lend much to picture and narrative; it is as barren as an exclamatory O! Whereas, the happy outside passenger, seated on the box from the dawn to the gloaming, gathered enough stories of English life, enough of English labors in town and country, enough aspects of earth and sky, to make episodes for a modern Odyssey. Suppose only that his journey took him through that central plain, watered at one extremity by the Avon, at the other by the Trent. As the morning silvered the meadows with their long lines of bushy willows marking the water-courses, or burnished the golden corn-ricks clustered near the long roofs of some midland homestead, he saw the full-uddered cows driven from their pasture to the early milking.
