[The book] is intended to meet the need for a text to accompany the Advanced Placement Spanish Language course. The overall goal ... is to prepare students to perform at a high level of proficiency in the four basic language skills: listening, speaking, reading and writing. Upon completing the course, students are expected to be able to comprehend formal and informal Spanish, and also speak, read and write cohesively and precisely at the third-year college level. [The authors] have attempted to create a series of exercises that will both meet the general objectives of the course and help the students prepare for the Advanced Placement examination ... The exercises are designed not only to review and reinforce students' knowledge, but also to increase their vocabulary and sharpen their grammatical skills. [The book] can be used as a complementary text in any advanced course in Spanish.-Intro.

En este libro se exponen las tradicionales secciones de una ortografía idealmente completa, razonada y actualizada, no solo en relación con la última Ortografía de la Real Academia Española (1999) sino también después de haber tenido en cuenta las modificaciones de la última edición del Diccionario (22a, del año 2001). Además, la materia está estructurada de tal manera que junto a la información general que ofrece el texto principal figuran otras adicionales, encuadradas en cuadros, que se componen de reglas específicas establecidas por la Real Academia, resúmenes y curiosidades, destinados a informar y facilitar la memorización de los explicados. En este libro, por tanto, se pretende mostrar de una forma sencilla las normas básicas para escribir correctamente.
