More recently, Centralised Retirement Propositions (CRPs) have emerged. CRPs recognise that there are key differences between building a fund of money before retirement and applying that money during retirement to provide an income for life. Successful decumulation strategies require the management of a number of interrelated risks.

## **Centralised Retirement Proposition - Just Adviser**

One of the main advantages of cryptocurrency retirement savings is that you're investing in a decentralized infrastructure. Being a part of a system that is independent of centralized institutions comes with the advantages of being unaffected by the actions of central banks and governments.
