The Dressmaker of Dachau was an interesting account. Ada Vaughan was somewhat of an enigma- strong and decisive at times- naive and frustrating on other occasions. I am not quite sure how I feel about her. What does emerge in this novel is the all too familiar powerless plight of women that seems to typify much of history.

An unforgettable novel of human kindness, inspired by an incredible true story. Snow falls and a woman prepares for a funeral she has long expected, yet hoped would never come. As she pats her hair and straightens her skirt, she tells herself this isn't the first time she's lost someone. Lifting a delicate, battered wristwatch from a little box on her dresser, she presses it to her cheek. Suddenly, she's lost in memory... January 1945, Dachau, Germany. As the train rattles through the bright, snowy Bavarian countryside, the still beauty outside the window hides the terrible scenes inside the train, where men and women are packed together, cold and terrified. Jewish watchmaker Isaac Schüller can't understand how he came to be here, and is certain he won't be leaving alive. When the prisoners arrive at Dachau concentration camp, Isaac is unexpectedly pulled from the crowd and installed in the nearby household of Senior Officer Becher and his young, pretty, spoiled wife. With his talent for watchmaking, Isaac can be of use to Becher, but he knows his life is only worth something here as long as Becher needs his skills. Anna Reznick waits table and washes linens for the Bechers, who dine and socialise and

A powerful chronicle of the women who used their sewing skills to survive the Holocaust, stitching beautiful clothes at an extraordinary fashion workshop created within one of the most notorious WWII death camps. At the height of the Holocaust twenty-five young inmates of the infamous Auschwitz-Birkenau concentration camp—mainly Jewish women and girls—were selected to design, cut, and sew beautiful fashions for elite Nazi women in a dedicated salon. It was work that they hoped would spare them from the gas chambers. This fashion workshop—called the Upper Tailoring Studio—was established by Hedwig Höss, the camp commandant's wife, and patronized by the wives of SS guards and officers. Here, the dressmakers produced high-quality garments for SS social functions in Auschwitz, and for ladies from

Nazi Berlin's upper crust. Drawing on diverse sources—including interviews with the last surviving seamstress—*The Dressmakers of Auschwitz* follows the fates of these brave women. Their bonds of family and friendship not only helped them endure persecution, but also to play their part in camp resistance. Weaving the dressmakers' remarkable experiences within the context of Nazi policies for plunder and exploitation, historian Lucy Adlington exposes the greed, cruelty, and hypocrisy of the Third Reich and offers a fresh look at a little-known chapter of World War II and the Holocaust.

The New York Times bestseller, written by a former reporter for ABC News, that *People* magazine called “a transporting, enlightening book” tells the story of a fearless young entrepreneur who brought hope to the lives of dozens of women in war-torn Afghanistan. Former ABC journalist Gayle Tzemach Lemmon tells the riveting true story of Kamila Sidiqi and other women of Afghanistan in the wake of the Taliban's fearful rise to power. In what Greg Mortenson, author of *Three Cups of Tea*, calls “one of the most inspiring books I have ever read,” Lemmon recounts with novelistic vividness the true story of a fearless young woman who not only reinvented herself as an entrepreneur to save her family but, in the face of ferocious opposition, brought hope to the lives of dozens of women in war-torn Kabul.

We may all know that dandelions make us wet the bed, and that stewed prunes are a cure for constipation, but how many of us were aware that a poultice of chicken manure is a remedy for baldness? Or that eel liver will aid a difficult labour? The woman healer is as old as history. For millennia she has been doctor, nurse and midwife, and even in the age of modern medicine her wisdom is handed down in the form of old wives' tales. Using extensive research into archives and original texts, and numerous conversations with women in city and countryside, *Mary Chamberlain* presents a stimulating challenge to the history of orthodox medicine and an illuminating survey of female wisdom which goes back to the earliest times. What are old wives' tales? Where do they come from? Do they really work? These questions, and many more, are answered in this fascinating compendium of remedies and cures handed down from mother to daughter from the beginning of time.

Set in eighteenth-century Spitalfields, London, *Blackberry and Wild Rose* is the rich and atmospheric tale of a household of Huguenot silk weavers as the pursuit of the perfect silk design leads them all into ambition, love, and betrayal. When Esther Thorel, wife of a master silk weaver, rescues Sara Kemp from a brothel, she thinks she is doing God's will, but her good deed is not returned. Sara quickly realizes that the Thorel household is built on hypocrisy and lies and soon tires of the drudgery of life

as Esther's new lady's maid. As the two women's relationship becomes increasingly fractious, Sara resolves to find out what it is that so preoccupies her mistress ... Esther has long yearned to be a silk designer. When her early watercolors are dismissed by her husband, Elias, as the daubs of a foolish girl, she continues her attempts in secret. It may have been that none of them would ever have become actual silks, were it not for the presence of the extraordinarily talented Bisby Lambert in the Thorel household. Brought in by Elias to weave his master piece on the Thorel's loom in the attic of their house in Spitalfields, the strange cadence of the loom as Bisby works is like a siren call to Esther. The minute she first sets foot in the garret and sees Bisby Lambert at his loom marks the beginning of Blackberry and Wild Rose, the most exquisite silk design Spitalfields has ever seen, and the end of the Thorel household's veneer of perfection. As unrest among the journeyman silk weavers boils over into riot and rebellion, it leads to a devastating day of reckoning between Esther and Sara.

In this original and compelling book, Mary Chamberlain explores the nature and meaning of migration for Barbadians who migrated to Britain and elsewhere. It is a unique oral and social history, based on life-story interviews across three or more generations of Barbadian families. Locating migration within the contemporary debate on modernity, *Narratives of Exile and Return* highlights the continuing role of migration in shaping the culture and history of Barbados. But it does more by providing post-modern theorizing with concrete national and ethnic settings.
