After decades of mismanagement and corruption, most African states have become hollowed out. They are no longer instruments capable of serving the public good. Indeed, far from being able to provide aid and protection to their citizens, African governments and the vampire-like politicians who run them are regarded by the populations they rule as yet another burden they have to bear in the struggle for survival."

He examines, too, the fate of modern African states and concludes with a glimpse of their future. His cast of characters includes religious leaders, mining magnates, warlords, dictators, and many other legendary figures—among them Mansa Musa, ruler of the medieval Mali empire, said to be the richest man the world has ever known.
