How to Write a Thriller

A thrilling spy mission, a moving Holocaust story, and a first-class work of narrative nonfiction.

Based on the adult bestseller "Hunting Eichmann" and illustrated with powerful photos throughout, this account of the search for a Nazi criminal led by Holocaust survivor Simon Wiesenthal is a can't-miss work of narrative nonfiction.

Based on groundbreaking new information and featuring never-before-published surveillance photographs, a narrative of the pursuit and capture of Adolf Eichmann recounts how the Nazi managed to slip out of the country and build a new life in Argentina while an international manhunt spent fifteen years tracking him down and bringing him to justice.

"Describes the small group of men and women who sought out former Nazis all over the world after the Nuremberg trials, refusing to let their crimes be forgotten or allowing them to quietly live inconspicuous, normal lives."--NovelList.

The Secret Squad that Keeps Presidents Alive There are 7,000 agents in the Secret Service. But just twenty-four are chosen for Hawkeye CAT—the president ' s most elite protective squadron. Codenamed the " Hunters," these former Navy SEALs, Army Rangers, and battle-hardened Marines are trained not only to shield the president but to stalk down and neutralize would-be assassins before they strike. For decades, their existence has been so carefully concealed that most Secret Service agents have never heard of them. Until now. Hawkeye CAT is brimming with stories of terrifying near-misses, dirty bombs, poisoning attempts, and laser " death rays," offering unique glimpses of the perils that haunt America ' s First Families. A veteran investigative journalist, Leon Wagner has interviewed hundreds of current and former agents to bring you the exclusive story of how a band of black-suited agents became the elite protective squad that stands between the president and the unthinkable.

The Hunters trilogy consists of the first three books in the award-winning Hunters series: THE HUNTERS, THE FORBIDDEN TOMB, and THE PRISONER'S GOLD. Every book in the series has hit #1 on Amazon. THE HUNTERS has been optioned for a major motion picture, and THE PRISONER'S GOLD won the ITW Thriller Award for Book of the Year. The first book in the series (THE HUNTERS) features a diverse cast of characters. Financed by a mysterious philanthropist, this elite team -- a soldier (Jack Cobb), an historian (Jasmine Park), a computer whiz (Hector Garcia), a weapons expert (Josh McNutti), and a thief (Sarah Ellis) -- was asked to locate a Romanian train filled with riches that disappeared in Russia during World War I. The collection is now valued at over \$3.5 billion. Despite several attempts to find it, its location has remained a mystery...until now. The second book was called THE FORBIDDEN TOMB, and it was released in 2014. Tasked with finding the legendary tomb of Alexander the Great and the extraordinary riches that were rumored to be buried with him, the Hunters encountered hostile forces that would do anything to stop them. Before long, the treasure hunt became a deadly rescue mission with hundreds dead and a city in ruins. As the death toll continued to mount, the team was forced to rise to the challenge to find the ultimate prize. The third book in the series was called THE PRISONER'S GOLD, and it was released in 2015. At the end of the 13th century, Chinese Emperor Kublai Khan gave an Italian merchant unfettered access to his kingdom. The traveler was Marco Polo, and his journey would become legendary. Aided by a special passport that protected him throughout the land, Polo amassed unbelievable wealth and hid it before his return to Italy. Guided by firsthand accounts of Polo's travels, the Hunters quickly discovered there was a criminal empire willing to do anything to stop them from taking the riches from Chinese soil. Praise for Chris Kuzneski and THE HUNTERS series: James Patterson, #1 national bestselling author— " Chris Kuzneski ' s writing has the same raw power as the early Stephen King. " Clive Cussler, #1 national bestselling author— " Chris Kuzneski writes as forcefully as his tough characters act. " Nelson DeMille, #1 national bestselling author— " Chris Kuzneski is a remarkable writer, who completely understands what makes for a good story: action, sex, suspense, humor, and great characters. " Vince Flynn, #1 national bestselling author— " Chris Kuzneski is a master in the making. " James Rollins, New York Times bestselling author— " Chris Kuzneski writes with an energy that is contagious! Action, suspense, mystery, and a biting thread of humor.... " What more can you ask from a novel? " Steve Berry, #1 international bestselling author— " Kuzneski does it again with another terrific tale, filled with action and suspense, bringing the unimaginable to life. Definitely my kind of story! " Scott Mariani, #1 international bestselling author— " THE HUNTERS kicks off a brilliant new series from Chris Kuzneski. Adventure, history, mystery, and more—everything you ' d want in a thriller! " The Daily Mail (UK)— " THE HUNTERS is taut and fierce—with a cast of agreeably idiosyncratic characters. It feels like the draft of a movie, and it could just be Kuzneski ' s breakthrough novel. It deserves to be. " Herald Sun (Australia)— " THE HUNTERS is Mission: Impossible on steroids. The first in a new series, Kuzneski brings together a super-expert crew of renegades to track down a lost treasure, sent into hiding in 1916 and never seen again. . . It ' s all about the action, which never stops. Half the fun is imagining the all-star cast for the movie that was clearly in Kuzneski ' s mind. Final verdict: Thrill Ride."

As a manager who wants to attain, maintain, or reclaim a competitive position in the hotly contested and ever-changing marketplace, your goal is clear. Terrified of being the "hunted" -- in peril of being destroyed or devoured by your competitors you want to know how to once again become a "hunter." But the myriad improvement strategies that sound great in theory don't always work in practice, and they don't take into account the realities of your workplace. Through an unusual and provocative blend of fact and fiction, Jim Swartz puts you inside the transformation process itself - inside the heads of those who, finding themselves among the hunted, realize they must change the fundamental way they do business. He makes it clear why reorganization, decentralization, de-layering, continuous improvement, benchmarking, and participative management are helpful tools but fall short of tackling the real enemy. In this engaging business novel, you'll travel with Marcus, the "Master Guardian" who has been helping businesses in trouble for 1400 years, as he trains two guardian recruits: Lou, a tough steel company manager long on experience with the old ways, and Laura, a Harvard MBA with a global view and no industrial experience. Come along as they visit great business hunters past and present and become aware of the fatal corporate mindsets, mental models, and measures that doom many companies to a life of retreat and restructuring. By visiting turnaround companies, you'll learn new business process models that dramatically reduced costs, improved performance and product quality, and made these companies the fastest responding suppliers in the world.
