a deeply probing book that gets to the heart of what all healthy romantic relationships need: fairness Most couples enter marriage hoping it will last forever-so why are more and more relationships failing? As Dr. B. Janet Hibbs explains, the key to solving most relationship problems-whether relating to money, children, chores, sex, or in-laws-is through a shared sense of fairness. Intuitively, we think we know what's "fair." But as this book reveals, the way we each understand fairness is much more complex, and is powerfully shaped by our family expectations and experiences. Dr. Hibbs provides readers with a road map for recognizing imbalances and building a stronger, more loving relationship based on a new kind of fairness. Filled with compassion, practical advice, and compelling, real-life examples throughout, this book offers a groundbreaking understanding of the issues that divide couples over time-and how they can be happier and closer than ever.

A Buddhist book exploring the sutric teaching of 'The Four Thoughts that turn the Mind to Practice' as vividly relevant to our everyday lives: the extraordinarily precious opportunity to live as an honourable human being; the experience of impermanence that pervades our existence as an opportunity to awaken; the emotional and psychological patterning which dominates our lives (karma); and the seemingly endless cycle of dissatisfaction in which we imprison ourselves. Each chapter ends with a series of questions and answers which are both pragmatic and inspirational. Ngakma Nor'dzin has been a practitioner of Tibetan Buddhism for more than twenty years.
