Basic Dutch: A Grammar and Workbook comprises an accessible reference grammar and related exercises in a single volume. This Workbook presents twenty-five individual grammar points in realistic contexts, providing a grammatical approach which will allow students not already familiar with these structures to become accustomed to their use. Grammar points are followed by examples and exercises allowing students to reinforce and consolidate their learning.

A book which was about language would do things differently; it would use the theory to justify a certain view of the language under study. We have attempted to write such a book. As part consequence of this, we have adopted a number of strategies. The first is what we call the ' No U-turn ' strategy. If you have ever read an introductory ...
